Text: Genesis 3-4 (pages 2-4)

Pastor Brandon Zieske

Food for Thought for the week of March 12, 2017

(Questions and Scriptures for further study and discussion.)

This is about your heart and other people's.

Love creates. Love gives.

How and what we give is a reflection of our heart.

First fruits giving is a symptom of experiencing grace.

Being able to bring an offering is an act of God's grace to us.

Our best represents giving God every aspect of our lives as best as we know how.

If what we do is by faith, then our hearts are in it.

Where do you feel God stirring you up in your generosity journey?
