

HARNESSING GOD'S WIND

Zechariah 4:1-14

PLEASANT VALLEY'S LEGACY

The Vision

The lamp stand represents the important task that God gives to His people, to be a light to those who walk in darkness.

The Power

God's power is not something that we work up. It's something that God sends down.

God's work done God's way will never lack God's provision and power.

God's Spirit can conquer our greatest obstacles!

Standing on our own we will never have an answer for the mountains we face.

When His Spirit touches something that looks small and inconsequential, God will do something significant.

The Unlikely

HERE'S WHAT MATTERS: Are you willing to take who you are, and what you have, and place all of yourself into God's hands?

Whatever discouraging deficit we may have, God can turn it into a success.
